GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

The Storm.

NEW YORK, Oct. 24.—Dispatches from all parts show that the storm of yesterday was one of the most violent experienced for years. The storm came from the tropics and from the Atlantic ocean, and was central near Bangor. It was preceded by unusually heavy rainfall. At Washington the fall was 3.64 inches, at Baltimore 2.78, at Norfolk 2.86, at Lynchburg 2.24, and Smithville, N. C., 4.32. At Cape May the wind velocity was 84 miles an hour. At times the tide up on meadows between the sea and the mainland, covering the railroad track three feet, and preventing trains from running. Two hotels and cottages were all damaged; also the beach drive; and many sloops and schooners were blown ashore. At Baltimore property along the docks suffered much, and disasters on the bay are reported. Along the line of the Philadelphia, Wilmington and Baltimore railroad the storm was severe. On the coast and along the New England coast, many lighter crafts were heavily harmed. On Mount Washington at 5 p. m. the wind was blowing 120 miles an hour, with heavy snow. The ship A. S. Davis, from Callao, is ashore south of Cape Henry, and is a total wreck. Only one person saved.

Pope Declines to Testify.

NEW YORK, Oct. 24.—Gen. Pope has declined the invitation of Gen. Schofield, president of the military board in the Fitzjohn Porter case, to appear before the board for further examination, unless he shall be regularly subpœnaed. It is surmised that the object of Gen Sherman will now order Pope to appear and testify with soldierly frankness instead of sheltering himself under staggering technicalities. The board adjourned to day until Monday next.

Board will Hold a Conference.

The board adjourned, Gen. Terry announced the receipt of a dispatch from the war department relative to the appearance as a witness, which said the presence of the board would be held necessary, and notified the counsel and parties to attend. This indicates peremptory action by the war department.

Arms Stored.

ATLANTA, Oct. 23.—In accordance with orders from the governor, arms of the 1st and 2d Crescent City battalion, and Orr's rifles, have been removed to the State Institute, where they will be stored at least 40 men until after the election.

A Sharp Dodge.

COUNCIL BLUFFS, Oct. 23.—Doc. Goodell, arrested yesterday at Atlantic, Iowa, for the Black Hawk robbery, jumped from a car window of the west-bound U. P. express, last night, 10 miles west of Omaha, and made good his escape. The train was running twenty miles an hour. It was stopped as soon as possible, but no prisoner could be found; nor has any trace of him been discovered, notwithstanding active search is being made.

Wendell Phillips Nominated.

BOSTON, Oct. 24.—The regular Greenback convention yesterday refused to make nominations, and a subsequent meeting Wendell Phillips nominated.

Gen. Pope says "No."

NEW YORK, Oct. 23.—Gen. Pope telegraphs that he will not appear as a witness before the Fitzjohn Porter board of inquiry, until summoned for petitioner or for government.

Anti-Tammany Nominations.

The Republicans and anti-Tammany Democrats held a combination to-night against Tammany, nominating Edward Cooper for mayor, Sheps for district attorney, R. B. Kelly for city judge, and Moritzellinger for city judge.

Resulting Policy Clerk.

A. W. Kenter, former policy clerk in a banking company in this city, has been arrested in jail, in default of $20,000 bail, charged with complicity in $64,000 forgery on the Union Trust Co.

Rapid Transit of Freight.

NEW YORK, Oct. 24.—It is stated that the New York Central railroad have completed arrangements with all eastern lines by which California freights will be loaded cars in full car loads, and cars will run through with but one transfer. This, in connection with the recent changes of schedules on Pacific railroads, gaining two days in time of delivery of freights at San Francisco, will enable shippers to receive property shipped from any point east in 14 days, instead of 18 to 25 as heretofore.

Legal Election Day.

BURLINGTON, Iowa, Oct. 23.—At a meeting of the Representative Democrats from all over the State held here to-night, it was concluded unanimously that the first Tuesday in November is the only legal election day for the state; and that the omission of the governor's proclamation does not relieve the people of jurisdiction.

Greenback Nominations.

DES MOINES, Oct. 23.—The Greenback state convention which was left incomplete by the Worth convention has been filled by the following nominations: For lieutenant governor, John E. Arnold; secretary of state, Wm. Eichhoff; treasurer and receiver, Simon Bevney; sergeant auditor, Davis Young.

Very Destructive Fires.

OMAHA, Oct. 24.—Iowa, Nebraska and Kansas advices indicate the prairie fires still rage in each of those states, destroying hay, houses, barns, fences and other property. The flames were most destructive 20 miles west of Sioux City, in Iowa, along the Platte, Nebraska, and South Platte in western Nebraska, and in Rush, Ellis, Osage, Grove, Wallace, Decatur, Norton and Rooks counties in Kansas. Many persons have perished in the flames, but no confirmed report prevailed in Lincoln, Nebraska, yesterday, that Albion, in Boone county, a town of 250 inhabitants had been entirely destroyed. The fires in some localities are supposed to have been lighted by incendiaries.

Steamer Reported Foundered—Twenty Lives Lost.

BALTIMORE, Oct. 24.—Capt. Barker, of the schooner Express, which left here Tuesday for Boston, reports that his vessel foundered during the gale south of the Potomac, and that all hands on board were probably lost. The Express was abandoned while drifting with fragments of the deck. Capt. Barker, in describing the wreck of the *Express*, says that the vessel was struck by a sea, and commenced filling at great height, every wave breaking the boat from stem to stern. Shortly after dark on Wednesday morning there was a terrific crash, and joiner and crew realized what had occurred when a wave tore the saloon deck like so much paper work and the following wave took off the house, and with it nearly all on board. All had secured life preservers. At the height of the gale some of the crew managed to secure boats, but they were soon broken up a moment after launched and carried away. The captain and mate were washed over and sunk bottom upward. Other portions of the wreck clung to them, and the latter was washed them off again, and finally drifted down only eight persons could be seen. The Express had a crew of 21, all told, so far as known, eight passengers. It is reported that fully 20 lives were lost.

Democratic Victory

CINCINNATI, Oct. 24.—The Democrats have a majority of city council in all the wards yesterday. Democratic majority, 18.

Visits by the President.

COLUMBUS, Ohio, Oct. 24.—President Hayes was officially received at the fair ground to-day. In the course of his remarks he said: "Here are expressed everywhere the laws and constitution may be loved and honored in pursuance of the constitution may be observed by all inhabitants of the country. [Applause.] If anywhere they are obstructed the great sentiment of the country is wisely and moderately but fairly expressed that they should be enforced, and communities who fail to obey the constitution and laws passed will surely regret the consequences of their act; for persons will not emigrate to sections where disturbances exist. We are, however, rapidly marching forward to the period when all sections are to have equal rights—the states equal rights under the constitution, and all citizens equal rights, whether wise or ignorant, poor or rich, all of whatever condition under the constitution and laws." [Applause.]

EUROPEAN NEWS

The Press Gag Law.

LONDON, Oct. 23.—Several German socialist newspapers, anticipating suppression, announce their discontinuance, and at the same time advertise the appearance of new journals by the same publishers. Thus *Voorwarts*, a particularly virulent socialist organ, announces the speedy appearance of a paper to be named the *Reform Journal*, to be devoted to the general interests of the people.

The editor of the St. Petersburg *Russki Pravada* has received his first warning for printing a letter to General Drentel, the new appointed chief of the secret police, exhorting him to deal leniently with political offenders. The *Golos* has received its first warning, and its sale on the street has been suspended for attacking the German anti socialist law.

Obsequies of a Bishop.

ORLEANS, France, Oct. 24.—The funeral of Bishop Dupanloup took place to day. Thirty-five bishops assisted at the obsequies.

The police authorities, in accordance with provisions of the Socialist law, publishes a notice prohibiting the circulation of 38 papers, including two published in Chicago and Berlin.

Modified Scheme for Reforms.

CONSTANTINOPLE, Oct. 24.—The sultan to day signed and delivered to the British minister a modified scheme for reforms in Asia Minor.

Government of Bulgaria.

ST. PETERSBURG, Oct. 24.—Prince Dondonkopf has arrived at Sofia, where the central government of Bulgaria is to be established. Gen. Stolipan has been entrusted with the administration of East Roumelia.

Re-elected.

PESTH, Oct. 24.—Herr Ghiczy, the ministerial candidate, has been re elected president of the Hungarian chamber of deputies, by 144 majority. His majority last session was 140.

Glasgow Bank.

EDINBURG, Oct. 24.—A call for $2,000 per share will be made on the shareholders of the City of Glasgow bank immediately. It has been discovered since the report of the examiners that the foreign correspondents had used open credits to the extent of $83,000, most of which will be lost.

Another Statement.

BOMBAY, Oct. 23.—The *Gazette* publishes a letter from Thuli which states that it is believed that the ameer intends to defend Ali Musjid, Jellabad and Cabul but not Candzar. The writer also states that the ameer is doubtless receiving aid from Russia.

The Royal Approval.

CONSTANTINOPLE, Oct. 23.—The sultan has approved the modifications made by the porte in the British scheme of reform for Asia Minor.

Fever in the British Army.

LONDON, Oct. 23.—A dispatch from Rawiel, Pindee, says the fever continues to rage among the frontier troops. One third of a British lancer regiment at Peshawawe is troubled by it.

Cabinet Council.

LONDON, Oct. 23.—The cabinet has been summoned to meet in council to-morrow. The *Times* says this step is undoubtedly well advised in view of the serious Indian situation and new controversies in relation to Turkey.

The Russian Mission.

ST. PETERSBURG, Oct. 23.—Several members of the Russian mission will remain at Cabul until further orders.

The Ameer and Russia.

The *Globe* declares that, although England may seek redress from the ameer, if she be victorious the rule of Afghanistan must not be decided without the consent of Russia.

WEST INDIES.

Deplorable State of Affairs in Cuba and St. Domingo.

HAVANA, Oct. 23.—Advices from Santa Cruz to the 17th represent that the condition of that island since the insurrection is hopeless. About one hundred negroes have been executed, but the insurrectionary spirit remains alive. St. Thomas has lost over $150,000 by the insurrection, while three million dollars would not cover damages done in Santa Cruz.

ST. DOMINGO, Oct. 9.—A rising has occurred at Azua in favor of Gen. Baez for president. Gen. Guillermo is marching on Azua at the head of 2,000 men. A decree has been issued closing the port of Azua to foreign intercourse. Another decree has been promulgated deferring the presidential election because of the rising in Azua, and on account of Caceres, who was a candidate of the reds. Guillermo is a candidate of the blues, and his election is undoubted.

Mr. Stinson and the Printing.

SALEM, Oct. 23, 1878.

TO THE EDITOR OF THE OREGONIAN:

As there appears to be a disposition on the part of your correspondent from this city to connect me with the "mismeasurement" of state printing for the last session, I would ask you to publish the following extracts from evidence before the late investigating committee on the subject:

W. F. CORNELL'S TESTIMONY.

Questioned by Galloway:—Mr. Cornell, did you act for Mr. Brown in measuring the printing as expert from '75 to '78, the session work for 1876? A—I measured part of it, not all.

Was you under oath? A—No sir, I was in the employ of Mr. Brown.

Question by Brown—Mr. Cornell, state—I want to ask you if you were in my employ as foreman during all that work in '76? A—No.

Were you in my employ? A—Yes, sir.

Were you in my employ at the time you produced these documents for measurement? A—I was.

Mr. H. F. Stratton, question by—Mr. Cornell, were you foreman in the office at that time? A—No, sir, I was not.

Who was foreman at that time? A—Mr. Stinson was foreman.

M. V. BROWN'S TESTIMONY.

Who did you employ? Did you employ any one to operate with Mr. Noltner in the examination of the session work of 1876? A—No, sir.

Didn't employ any one? A—No, sir; Mr. Cornell was in my employ at that time; he was drawing his weekly pay from me; he attended to the matter for me because I had no time to attend to the matter myself.

Do you know whether the expert, either Mr Noltner or Mr. Waite, employed by the secretary of state, acted as expert, and whether either of them had Mr. Cornell's findings? A—Well, sir, I am not prepared to say about that; I don't know what either of them did in the matter, with the exception of the return that was made to the secretary of state. Mr. Cornell assisted Mr. Noltner in the measurement.

A. NOLTNER'S TESTIMONY.

Were you appointed by the legislature of 1876 to act as expert upon the measurement of the session work of 1876? A—I was.

Did you measure it? A.—I looked over the matter; Cornell prepared the scales for me and the price list. I examined the work to see whether it would compare with the laws.

Did you measure the work? A.—I did not.

You took Mr. Cornell's measurement? A—I did. In all? A—I did.

A. L. STINSON'S TESTIMONY.

Did you do any part of the printing for the session of the legislature of 1876? A—I was employed as foreman of the work of the legislature of 1876.

Didn't you do the work by contract? A—No, sir. I was simply employed as foreman, by the week.

Wasn't the work done in your office, on your material? A—No, sir, that is, I am speaking of the session work of 1876.

Do you mean by the session work of 1876 the bills and reports of the state officers for 1876? A—Yes, sir, and the journals of the two houses and the laws.

Were you Mr. Brown's foreman during all that session work of 1876? A—Yes, I was foreman in the state office, I think, from August, 1876, till the March following.

Did you have anything to do with the measurement of the session work of 1876? A—No, sir. I had nothing to do with it, and know nothing about the measurement.

Is it customary for the foreman of the state printer's office to measure up the work for the state printer? A—I believe it is.

Is it customary for the state expert to adopt that measurement without actual measurement of his own? A—I don't know what the custom is, but if I were an expert I should certainly measure the matter myself.

I ask the publication of the foregoing extracts, not for the purpose of implicating others, but for the sole purpose of showing that I had nothing to do with the measurement, where the fraud is claimed to have originated.

A. L. STINSON.

PACIFIC COAST NEWS.

CALIFORNIA.

The Test Case.

SAN FRANCISCO, Oct. 24.—The case of Parrott & Co. vs. Briggs, Morris and O'Connor, to recover amounts lost at the gambling house of the defendants by Alfred Vermehr while in the employ of plaintiffs, and lately came to an end for the term in an unexpected manner. Since yesterday afternoon the time of the court has been occupied in the hearing of arguments on a bill of particulars filed by plaintiffs. This morning Briggs, through his counsel, made an affidavit that the said bill was satisfactory to him, and that he has, at the instance of his lawyer, asked for a bill particularizing the amount lost by Vermehr and the dates of said losses and that he had largely prepared to meet and dispove all the allegations of the bill, when counsel for plaintiff, finding that he could not prove the accuracy of the items, suddenly demanded the privilege of amending his complaint so as to prove a loss of $35,000 without showing at what time the various sums had been won from Mehr by defendant guided by bill of particulars. Briggs had prepared to show that Mehr did not have the amounts stated, nor did he incur his losses at the time stated, but that he had in other ways and at other times squandered the money of his employers. The withdrawal of this bill therefore was a surprise and he demanded the postponement of his case to prepare against the new plan of attack adopted by plaintiff. The court admitted the justice of the demand and the case, by mutual consent, went over for the term.

Water Logged and Abandoned.

SAN FRANCISCO, Oct. 24.—A Seattle, Washington territory, dispatch says: Capt. Penhallow, of the bark *Enoch Talbot*, reports that on the 22d inst., in the Straits of Fuca, he passed the barkentine *Free Trade*, from Port Blakely on the 10th inst. for Sydney, water logged and abandoned. A portion of the deck load and sails were gone. The wreck had been taken in charge by a part of the crew of the barkentine *Wm. H. Gawley*, and when last seen the two vessels were near Pillar Point, bound for Port Townsend, with a fair wind.

Sons of Temperance

The grand division of Sons of Temperance met at 1 o'clock this morning at Grand Central Hall. Little business was transacted, however, the time being devoted to the discussion of unimportant questions. Final adjournment of the order took place this afternoon.

Schooner Saved.

The schooner *Twin Sisters*, which went ashore at Trinidad, last February, has been hauled off and was brought back to port on the 20th inst. by the purchasers of the wreck. She is reported as sound as ever.

Naughty Paul.

SAN FRANCISCO, Oct. 24.—Paul Aimee, a Frenchman, was arrested by Oakland officers this morning on a charge of grand larceny. It seems that Aimee has for several years been living in this city with a French woman named Pauline Fervant, who has not only supported him, but allowed him the care of the key to her box at Safe Deposit Co., where she kept her money. Last evening Aimee drew $1,000 from the box and departed. A description of the fugitive was telegraphed to the Oakland police and led to his arrest.

Sick in Limbo.

James alias Brick Butler, a Telegraph Hill rough, who celebrated his discharge from the county jail by creating a row pus in company with a gang of young roughs at the Florence saloon, corner Dupont and Green street, was sentenced to another term of six months in the house of correction by the police judge to-day.

Contempt of Court.

Frank Grosvenor, the receiver appointed by U. S. circuit court in the case of Camilo Martin vs. Workman & Temple at Los Angeles, having failed to make a report as directed, was adjudged guilty of contempt of court yesterday. He was released from custody on bail in the sum of $3,000, and his trial set for Monday next.

Bullion Yield.

SAN FRANCISCO, Oct. 24.—The *Bulletin*, in its monthly summary of bullion yield of the Pacific coast, gives the following recapitulation of the yield of 43 producing mines, for September: Gold mines, $717,141; gold with silver, $299,379; gold with lead, $129,858; total gold, $1,137,378. Silver mines, $600,600; silver with gold, $319,126; silver with lead, $223,280; total silver, $1,143,013. Value of lead, $78,640; totals, $2,359,031. The yield of silver for September is $20,000 in excess of August, but is still very light as compared with last year or with the early months this year.

BRITISH COLUMBIA.

VICTORIA, Oct. 24.—The *Standard* caused a great sensation yesterday by asserting that Sir John Macdonald, the new Canadian premier, who was elected on Monday to represent this district in parliament, is pledged to commence railway construction before the 1st of May next, or advocate the separation of the province from the dominion.

The *Colonist* denies this assertion, and says that Sir John went in unpledged on his national reputation, and that he will never consent to the withdrawal of British Columbia from the dominion.

OREGON.

Commissions have been issued to the following officers of the state militia: J. H. Turner, brig. gen. third brigade; Joseph R. Wiley, aide de camp to W. H. Effinger, maj. general, with rank of major; Ira Erb, colonel 1st regiment 2d brigade; Wm. G. Westacott, 1st lieut. Co. D, 1st reg. 2d brig.; Ed. Chamberlain, 2d lieut. Co. D, 1st reg. 2d brigade.

La Grande *Gazette*: We learn that the O. M. & C. R. R. R. company have been offered $50,000 for their franchise. The work they have done this summer would give the company a nice little margin as profit, they having expended about $10,000. We are not informed whether the company accepted the offer or not but if they have the line of the road is to be so changed as to run via Weston to Dayton, W. T. This would no doubt extend the time somewhat for building a railroad into this valley.

The Albany *Democrat* reports that the Albany and Brownsville narrow gauge railroad project is beginning to take definite shape, on a larger scale than heretofore contemplated. Last week articles were filed with the secretary of state incorporating the Oregon Narrow Gauge Railway Company, with B. J. Pengra, W. S. Ladd and Ellis G. Hughes, of Portland, as incorporators. The capital stock is placed at $200,000, and the object is to build a narrow gauge railway and telegraph line from Springfield in Lane county to Albany by the way of Brownsville and Lebanon, with the principal office at Albany. It will run through the very best farming communities in Linn and Lane counties; it will be the means of opening up the lumber business in the vast forests on the Calapooia, McKenzie and Santiam rivers; it will control the trade of the Forks of the Willamette and the Forks of Santiam, the two most productive localities in the state, and in fact, if built, it cannot help but be a most complete success in the fullest sense of the term.

Some of the choicest and most delightful Aromatics are properly combined with it, making it acceptable to the stomach, pleasant to the taste and easily taken by the most fastidious person or peevish child.

It Regulates the System!
It Cures Dyspepsia!
It Gives New LIFE and VIGOR to the System!
THE OREGON
Blood Purifier
IS A HOME REMEDY.
Although hundreds of our citizens and their families are using it with the best results, we do not propose to drag their names into print and publish to the world their ills and complaints (as is done by many Eastern nostrums to make them sell), we prefer to let all judge for themselves.

IF YOU ARE TROUBLED WITH
COUGH OR CATARRH
Caused by irregularities of the stomach or bowels, you will find in this medicine a great help and relief.
Many say, "My blood is not out of order; I was never diseased." It is not in every case the blood is diseased, particularly in this climate; this malarious atmosphere affects the liver, hence we recommend the use of this great Liver and Kidney Regulator.
We simply ask you to try a bottle of this Home Medicine; give it a good, fair, square trial, and you will certainly be convinced that it is the best medicine for this particular climate ever placed before the people.
TO THE LADIES.
By its peculiar restorative and cleansing properties it removes all those distressing complaints with which so many females are troubled in this damp climate. It is to them a great
REGULATOR!
It removes all cutaneous eruptions in the skin, such as Pimples, Black Heads, etc., leaving it soft, clear and smooth, imparting to it a beautiful and delicate hue.
DYSPEPSIA.
The Oregon Blood Purifier

FRIDAY MORNING, OCT. 25, 1878.

A STRIKING CONTRAST.

Among Democrats of the Bourbon sort, who think they own their party, the judicious and non-partisan action of Gov. Thayer in the matter of appointments has produced commotion and wrath. It is not probable, however, that the storm will in the least disturb the governor's serenity. But it affords amusement for all who can enjoy the discomfiture of a set who have nothing but a narrow and extreme partisanship on which to base their claims for public consideration. One of the organs says that the action of the governor "looks very much like an attempt to resurrect the old Salem clique." If that be so his excellency could hardly do for his party a more creditable thing; nor, indeed, could he at this time do the state a better service. While the "old Salem clique" controlled the Democratic party of Oregon, that party had a reputable leadership, which stands out in shining contrast with the stupid, corrupt and disgraceful management of the party and of public affairs in these later times. The old clique ruled the party and governed the territory and state; but it was composed of men of personal integrity and of acknowledged intellectual power. It is doubtless true that they loved to rule, but it is equally certain that they never converted the trust they held into opportunity for plundering the public treasury. There was no corrupt and imbecile administration. They kept the territory and state out of debt, took only lawful emoluments, didn't help themselves to money out of the school fund or out of the proceeds of public lands, were found guilty by no committee or by anybody else of peculation or speculation in any one of the public funds, and were men whose intellectual parts as well as personal integrity challenged respect and won public acknowledgment. It is well, indeed, that these men are being recalled to the leadership of the Democratic party and, so far as that party has control, to the management of public affairs. When at the head of affairs formerly they not only kept the territory out of debt, but turned over to the state government a large surplus of cash. There were no warrants to be hawked about at a discount; payment of just claims was never postponed by any waste of the public funds on unlawful and dishonest projects. This "clique" was composed of men who have shown that they possess ability enough to push forward in successful business careers outside of office. Each of them has by tact and integrity steadily prospered, and no one of them has ever been accused or suspected of getting a dollar, either in or out of office, by means which would not stand the test of severest inquiry. Why shouldn't a party "resurrect" its men of intelligence, capacity and honor, and bury its dolts and rogues—its men of little, mean and dishonest methods—who have brought disgrace upon it and loss upon the state?

For the Democratic party and the state it has been alike unfortunate that leadership for many years has been usurped by a class who have had nothing to commend them but "devotion to the party" and earnestness in behalf of "the entire Democratic ticket." Under this rule those men have come to the front concerning whose official conduct there have recently been revelations so disgraceful. Gov. Grover was the man who "organized" his party on this basis. A narrow and thorough-paced partisan, he established exactly up on the basis of reward for partisan service. No inquiry was made as to whether a man was competent and honest. It was enough if he was a Democrat who had "worked for the success of the party" and "needed the office." This system has for years been enforced both in nominating conventions of the party and in filling offices by appointment. It carried Grover into the senate, but has brought the leadership of the party into disgrace. It is well, indeed, for the party that Gov. Thayer has courage to attempt its reformation. None of the set who have been in control of the party during the last ten years were trusted by the "old Salem clique." The reason was that the "clique" had use for none except men of sense and honesty; and in consequence during their term of power in the councils of the party these followers of the Grover regime have constantly proscribed the men of the "old clique," and now howl with rage at the thought or fact of their "resurrection." Had they sooner been recalled it had been well for the credit of the party, and worth an incalculable sum of money to the state. It is time, indeed, that the Democratic party had sent its men of littleness, of stupidity and of dishonesty to the rear, and called to the front its men of capacity and reputation. It would be unjust, indeed, to intimate that there have been no good men in office under the management of the Democratic party during the years it has held its lease of power under the Grover-Chadwick administration. For example against the personal integrity of Mr. Burch, who now retires from the superintendency of the penitentiary, no one has aught to say; but it is believed there is opportunity for better business talents than have heretofore been displayed in that and other positions, and it is certain there is a demand for a higher rule of fidelity than has been enforced in most of the departments of the state government. Give us, then, a little of the "old Salem clique," just for a change.

House bill No. 16, which became a law by action of the legislature at the recent session, prohibits the employment of Chinese laborers on public works and street improvements in any incorporated town in the state, except as punishment for crime. All contracts that persons or corporations may have for such work are to be null and void. It is not probable that this law will stand the tests to which it is likely to be subjected.

As an incident in the preparations of the treasury for resumption on January 1st, the secretary is about to issue legal tender notes of the denominations of $5 000 and $10,000. These are intended to take the place of coin certificates, and it is assumed, in issuing them, that greenbacks will continuously be at par with gold, and that these notes will answer the purposes of the certificates in making gold payments.

The legislature at the late session passed a new fence law. All "worm" fence must be five feet high to the top of "rider," or top rail. Other kinds of fence must be four and a half feet high, except fences of turf, which must be four feet, with trench.

Indiana papers say it is yet uncertain whether the result of the election in that ... will return Voorhees to the United ... senate.

... in the Vancouver land office is ... ck—more lively than it has been ... hs, and more new entries of ... ade than ever before.

POLITICAL NOTES.

"Reform is necessary," said Tilden in 1876. It is a cipher message not yet explained.

Speaking of the rag baby, poor Mr. Thurman is heard to observe: "It was an adopted child, but I loved it as if it were my own."

The president anticipates no more party divisions, and believes that this year's elections will establish the success of the Republicans in 1880.

There is bad blood between Tilden and Hewitt. The chairman of the national Democratic committee says Tilden's treatment of him was unjust and ungenerous.

Geo. Butler, the hybrid, John F. Abbott, the Democrat, and Dr. Miner, the Prohibitionist, all candidates for governor of Massachusetts, live in Lowell.

What an infernal fraud the presidency has got to be when a man can offer $50,000 for an electoral vote, as Tilden did, and then not get it! Evidently there is something wrong in our political system.

From present indications it is not likely that the soft-money question will be an issue in the presidential contest of 1880. It will be settled long before that date. Thurman, Hendricks, Tilden, have gone glimmering; Bayard and Hancock look up smiling.

A dispatch from New York says Tilden is credited with the remark that "Thurman killed himself by demagoging for greenback votes," and this was coupled with the expressed conviction that no man who has a greenback taint upon him will stand any chance before the people, and that specie payment is practically resumed after January 1st next.

Gen. Ben. Harrison, of Indiana, has been interviewed on the result of the election, and he says the Nationals will not increase hereafter; that we will have a good crop next year; resumption will be an accomplished fact, and the causes which brought the party into existence will have passed away, and the party with them. Gen. Harrison also said that the party was pledged to Dan Voorhees for senator; that he has a right to it, for it was understood from the outset that, if his party carried the state, he should be the senator, and the burden of the battle was laid upon his shoulders.

Ohio was lost in 1877, says the New York *Tribune*, because the Republican leaders were panic-stricken, and in their terror came to believe that the safest way to make an aggressive fight was to desert to the other camp or hide behind a tree. Ohio is redeemed today and the credit of the country is assured because, believing in sound finance, had faith in the people and went before them with arguments addressed to their conscience and intelligence. After a few more experiences of this sort the politicians may learn that this is not a nation of fools nor of rascals.

FRIDAY MORNING, OCT. 25, 1878.

CITY.

FATALLY HORSE KILLED.—Mr. P. M. Edwards had the misfortune to lose a valuable horse last night. He drove the team up in front of Kelly's drug store about dark. Some one drove past in a buggy rapidly, which frightened Mr. Edwards' team. One of the animals reared up and coming down, struck on an iron bar which had been driven in the edge of the sidewalk for a hitching post. The sharp end of the post struck the horse just behind the shoulder and penetrated to the depth of nearly a foot. It was driven nearly clear through the lungs of the animal. The poor creature survived nearly an hour. The horse was a very valuable one worth about $175.

ACCIDENT.—While Mr. P. W. Severson was driving through the streets of East Portland last evening, in a small wagon, with his wife and daughter, he met with a very serious accident. The horse took sudden fright and started to run away, throwing the occupants violently to the ground. Mr. Severson and his daughter sustained severe bruises, and Mrs. Severson was badly injured by the shock.

DEAD.—Several days ago an account was published in THE OREGONIAN of a difficulty occurring at Lebanon, Linn county, between Tabor and Long, resulting in the latter getting shot in the breast near the left nipple. We understand that Long subsequently died from the effect of the injuries.

SPECIAL NUMBER.—To-morrow morning THE DAILY OREGONIAN will be issued in double sheet form. In addition to much other interesting matter, the full text of the Elkton cipher dispatches will appear, occupying nearly five columns of solid nonpareil. It will be a splendid number.

MOVEMENTS OF STEAMERS.—The steamship Oregon will arrive from San Francisco to-day. Wednesday both the *Great Republic* and *Geo. W. Elder* arrived at San Francisco. These steamers are announced to sail for this port next Tuesday. The steamer *Idaho* is also announced to sail on that date.

HOW TO BE TESTED.—Chief Engineer Morgan desires us to state that there will be a practical test of the Hays clamp for ruptured tubes now on exhibition at the Mechanics' Fair, this afternoon at 2:30 o'clock. The test will be made at No. 4's house.

MECHANICS' FAIR REPORTS.—Exhibitors and others wishing copies of THE OREGONIAN containing full description of the Fair will find them at the business office of this paper.

MECHANICS' FAIR.

GROWING INTEREST IN THE ENTERPRISE—ARTICLES FOR EXHIBITION STILL COMING IN—FINE FURNITURE, SPLENDID PAINTINGS, BEAUTIFUL NEEDLEWORK—THE LADIES' DEPARTMENT FILLING UP SUPERBLY,—THE BUILDING THRONGED WITH VISITORS.

Again Mechanics' Fair building was thronged with a large and brilliant audience, and every one expressed themselves delightfully surprised at the progress still being made toward rendering the place more interesting and attractive. The general display within the past twenty-four hours has been more completely beautified by the addition of a large number of articles, and others are constantly coming in. We resume our description of leading articles and list of principal exhibitors:

SHINDLER & CHADBOURNE'S

Display of furniture has been before referred to but its rare beauty deserves further notice. They occupy three rooms, or apartments on the south side of the main floor and arranged their elegant goods in a very tasteful manner. In the central apartment is the parlor set. It consists of a Marquette table surrounded by a parlor suite of seven pieces in crimson and brown and valley flower satin damask, with buttons instead of pulling fastenings for the sides and fronts. There are also two Jardenier pedestals for flower vases, a gilt table under a magnificent French-plate mirror, elegantly framed.

The dining room set is made up of a fine extension table with carved pedestals, a lion's head on each pedestal and lions' feet at the foot. This table is surrounded by easy chairs, dining room chairs and lounges, all tastefully carved and upholstered in leather, the whole being of the Eastlake pattern, handsome and now becoming very popular in the east. Beneath the fine mirror in this room also is a splendid English breakfast table of the Queen Anne design. The set embraces also sideboard of elegant design and beautiful finish, a piece of work not excelled by anything of the kind in the state, and a fine cylinder book case. On the floor of this room is an Eastlake carpet, and beneath the table a crimson crumb cloth, Persian pattern, altogether making a dining room furnishment elegant, beautiful and complete. This suite also contains a chiffonere with writing apparatus, so connected as to bring to hand writing material by simply touching a spring.

The chamber suite embraces a very fine French burent supported by pillars; the bedstead also of elegant design, with pillar supports to match those of the bureau; three chairs with wire braided seats; lambrequins of the Pole design, a new style very elegant and rich, and Kurrache rugs, very rare and beautiful.

The drapery, carpets, rugs, etc., with each of the sets correspond and harmonize in colors and pattern with the furniture in the respective rooms, and together give them a tasteful, comfortable and elegant appearance. The workmanship is of a superior character, and shows great taste both in the selection of material and the designing of the patterns. The walls of the three several apartments are draped with choice patterns of rare silk tapestries, satins, etc., of the most unique patterns; and in the gallery directly overhead S. & C. have as a prominent feature of the fair an exhibition of rattan furniture, comprising rocking and easy chairs, ladies' workstands, baskets, music racks, children's chairs of all descriptions, trimmed with ribbons and bows of all colors—a class of goods very generally in use throughout the United States, but new to this part of the country.

THE PAINTINGS

Exhibited are not very numerous on account of a lack of space in the building. The managers were offered a great many rare and beautiful paintings, owned by private citizens and which the general public would be glad of an opportunity to inspect, but were compelled to decline them for want of space and proper light.

Mrs. I. DeVore Johnson, of Oregon City, exhibits nine paintings in water colors, representing some of Oregon's most beautiful ferns and leaves and grasses. Her paintings of ferns, maple leaves and laurels are true to nature and show no little taste in the use of the brush.

M. Petrovits exhibits handsome portraits, life-size, in oil, of our well known townsman Hon. W. S. Ladd, and others, which show him to be a first-class painter in his line.

Thomas Parrott shows two or three landscape views which indicate a fair taste in the art and some study. Mr. Parrott is a good student, and with experience will probably excel.

Miss M. E. Virgil displays some small landscape views painted in oil, which denote more than ordinary ability in that lady as an artist.

Mrs. J. N. Dolph has some colored photographs that are beautiful, and manifest a decidedly tasteful skill on her part in that line of painting.

E. S. Glover exhibits a birdseye view of Victoria, from which an excellent idea of the appearance of that city can be gathered.

Mrs. A. Saunders, a graduate of a celebrated school of painting in London, exhibits a number of sketches in oil, water and crayon all of which are executed in the highest style of the art, and are gems of beauty.

Mrs. Gen. Sprague exhibits some handsome landscape scenery done in oil, with natural mosses and ferns arranged so as to give them the appearance of being parts of the picture. They are very handsome.

Mrs. John Honeyman displays a very neat drawing in pencil.

TAXIDERMICAL, ETC.

Mallels Bros., of this city, exhibit a large show case well filled with a variety of stuffed birds and animals and preserved insects. This display is good, and visitors pay it much attention.

C. Roop has also a collection of rare birds, animals and insects, well preserved and neatly arranged. He also adds quite a collection of minerals and fossils.

FRUIT.

P. M. Rinearson of Oregon City brings a lot of fruit from his celebrated orchard and exhibits it in a very fine manner. It consists of apples, pears, quinces, peaches, etc., and will serve a very good purpose in giving strangers in Oregon who may visit the fair some idea of the productions of the state in the fruit line.

A. G. WALLING

Displays specimens of his work at a book binder, which are elegant in design and neat in finish.

MARBLE AND CABINET WORK, ETC.

Wm. Young, the well known worker in marble exhibits one of the most beautiful objects seen in the whole building. It is a piece of marble carving done by himself and represents Morning, taken from a celebrated sculpture of Night and Morning by Thorwaldsen. The central piece and figures are of the purest American statuary marble, the frame of black and veined Italian and a border of Tennessee marble. He also exhibits a drawing in pencil of a stone quarry, made from nature by himself and shows him to be no mean artist in this line, and also a skilful sculptor. Mr. Young intended also to exhibit other samples of his work, but was not able to reserve room.

Listman & Muller show the model of a monument or pillar, made of Oregon woods, which is finely designed and finished.

Neal M. Morris, a boy of 14 shows a wheelbarrow model made with a scroll saw, which is an index of a skill that few boys possess.

Mr. Nation, a white haired gentleman 80 years of age, has an assortment of carvings in bone and ivory which are very pretty.

Wm. Maguire shows a carving of Clackamas stone which is well done, but just what it represents we were unable to learn.

LADIES' DEPARTMENT—FANCY WORK.

The display properly coming under this head has been constantly receiving additions since the fair began and at this writing is very extensive and beautiful.

Mrs. L. Rau exhibits a large show-case full of embroidered work of all kinds and fancy needle work, which is considered among the very best and most beautiful in the city.

Mrs. Mary Tibbetts, of East Portland, adds much to the beauty of the exhibition by a fine display of hair wreaths, wax and wool flowers and fancy work. Her collection is handsome and tasteful.

Mrs. J. H. Prideaux, a very neat specimen of hand embroidery.

Mrs. J. Holmes shows a very handsome rug, with a bear skin center and applique border.

Miss Minnie Jeans, a motto, "God is Love," in worsted work.

Miss Emma Millard, a handsome tidy, neatly and elegantly made.

Mrs. F. K. Arnold, an applique tidy, beautifully worked.

Mrs. A. Wandtke, photograph frames made of perforated card board, some mats, etc., and other articles, which are very handsome. Miss Wandtke also shows some tasteful fancy work.

Mrs. H. Wood exhibits an agricultural wreath, made of various seeds, leaves and grasses, colored and varnished, a beauty of its kind and indicative of excellent taste and much skill on the part of its maker.

Mrs. Julia Simpson, some hanging baskets of beautiful design, highly ornamental.

Miss Lamberson, a tidy made of silk embroidery on linen, very rich in appearance and beautiful.

Mrs. W. J. Lewis, beaded match case, a very neat design.

Mrs. M. Wetmore, fancy mats, hanging baskets and wall pockets.

Mrs. M. A. Whittle, a crotcheted representation of the Crystal Palace, London.

Mrs. M. A. Winney, a very handsome waxwork wreath.

Mrs. J. N. Dolph makes a very neat display of lace shawls, hand wrought, all of which are finely and handsomely made.

Mrs. W. J. Humphrey, very neat specimens of tatting, lace collars, etc., tasteful and handsome.

INTERESTING TO LADIES.—Dickey's "Creme de Lis" has now been before the public for ten years, during which time this beautiful preparation has met with the highest approval at the hands of the fair sex—being as all who have used it will verify, the only perfect preparation of its kind. Every ingredient entering the composition of Dickey's "Creme de Lis" is subjected to the most rigid test of modern chemistry, to insure the uniformity and purity of its combination, and neither time nor expense have been spared to make it perfect—it being well known the public will appreciate and support a truly meritorious article. THE RIVER-SIDE RACES.

TO THE EDITOR OF THE OREGONIAN:

Amusements and pleasure is natural and right, but we are so constituted that all cannot enjoy the same kind of amusements. "One of the ancient kings said, "one of the happiest moments of my life was when I learned my horse had beaten the race." The horse has ever been man's pride. His strength, his fearlessness, his courage, his speed, and service to man, has so attached man to him, that he takes pleasure, as though to please the animal, in placing him where he can show the world the metal that is in him. Therefore exhibitions of his powers are not looked upon as disgraceful, unless those who conduct them prostitute themselves so, in order that they may realize pecuniarily thereby. I am informed that a number of men in your paper originated among the horse men of the various sections of the country while attending the late State Fair. It appears that there is a kind of an "Arch Druid" society, which rules and dictates in favor of locality or individuals in a locality. Horse men will not submit to any misdoing long, and they concluded to get up a square race, wherein the best horse will win the race. The number of good horses that are now on the track and will arrive, as far as we can learn, are as follows: Rye Straw, Hastings, Hadlie, Ollo, Tilla W., Ella Fry, Nelly Patchen, Parro, Mystery, Pedro and Lemoux. Those having the management, we are informed, have chartered a steamer to run between his city and the track. There is no reason, in our opinion, why the citizens of Portland should not take some steps towards establishing a good race track near the city. I am also informed that steps are being taken for the purpose of organizing a county fair. WHY NOT?

Penhallow, of the bark Enoch Talbot, from San Francisco, reports that on the 22d, in the Straits of Fuca, about four miles to the eastward of San Juan harbor, he passed the barkentine Free Trade, waterlogged and abandoned. A portion of the deck load and sails gone. The wreck had been taken charge of by part of the crew of the bark W. H. Gawley. When last seen the two vessels were near Pillar Point, bound for Port Townsend, with fair wind.

P. A. M. BRENAN.
His Wonderful Success
IN THE TREATMENT OF ALL
Chronic and Difficult Diseases.
He has astonished the People of this Coast by his skillful Operations.
HE HAS TAUGHT IN HIS
public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.
DR. BRENAN
has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhœa, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world-wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.
THE DOCTOR HAS GIVEN SPECIAL LECTURES
to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.
THE DOCTOR HAS THIS ADVANTAGE
over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.
All surgical operations can be performed by his skillful hand, and the patient need not fear the result.
DR. BRENAN
will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.
Everything strictly confidential and honorable.
THE DOCTOR
has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.
CAUTION.
Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are known, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.
Office, 82 First street, over McCormick's Franklin Bookstore.

BEAUTY:
OR, THE
Secrets of a Fair Face.
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the whims of an American climate, possesses that basis and starting point of every beauty—a pure and clear complexion. What nature has thus denied, art must be called upon to furnish. It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unbeloved daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion. It conceals all natural blemishes in the most surprising and effective manner. It removes all roughness, sallowness, redness, blotches, freckles, and tan with magical power. It drives away all evidences of fatigue and excitement. It makes the plainest face beautiful. It gives the complexion a dazzling purity, and makes the neck, face, and arms appear graceful, round and plump. It makes a matron of 35 or 40 look not more than 25 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blackheads and cocoalis every drawback to beauty; and, while it is so harmless as to make it is so life-like in its effects that the closest observer cannot detect its use. Ladies who want to make themselves attractive can make an absolute certainty of it by using MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.
